

GT Golf Day Success

The first GT Golf Day was a resounding success. Carl Taylor who organised the event said "The inaugural GT Golf Day at Lilley Brook in Cheltenham attracted some valued customers of GT Window Products and we were delighted with the turn out"

After what could be considered the perfect start to the day, "a full English breakfast" the weather stayed good for us all to enjoy the idyllic setting of Lilly Brook Golf Club, which apart from a slight mountain hike on the back nine, proved to be a very enjoyable course with fairways and greens playing to a very high standard.

The day was completed with an exceptional meal with good company and good beverage.

It was delightful to see so many of our customers from the more recognised and established companies in the industry attend the event. We would like to thank all those that gave up their time from their normal working day and look forward to the next GT Golf Day

Team tournament winners
David Locke & Mike Virgo of
Coastal Aluminium Ltd with
Graham Taylor

Overall scratch winner was
Richard Ball of New Century
Windows Ltd with Graham
Taylor
