

The logo for Deceuninck, featuring the word "deceuninck" in a bold, white, lowercase sans-serif font, centered within a solid blue rectangular background.

approved

GT Window Products is pleased to announce that we have now become a Deceuninck approved supplier of hardware components.

In recent months we have been working closely with Deceuninck to assist them in achieving PAS024 on three of their systems.

Fitted to the test windows was Stay Guard Elite, our hinge protector and Securi-Clip, our glass retaining system. All of the windows passed the stringent BSI test as expected without issue.

Our technical sheets for these products now carry the seal of approval "Deceuninck Approved". Along with these two products Sash Seal, Dummy Sash Lok and Bow Constrictor have also been approved by Deceuninck.
